COMPONENTS OF MOBILITY

We use commonly available components that are easily repaired and maintained.

DESIGN
We build our wheelchairs with a simple and rugged design to fit demand in the developing world.

MAINTENANCE
We can build our wheelchairs with a simple and rugged design to fit demand in the developing world.

OPPORTUNITY
We create opportunities for jobs, prayer, education, relationships, and increased community involvement.

OVERSEAS PARTNERS
We partner with like-minded organizations to reach some of the most remote regions on the planet.

COST EFFECTIVENESS
We provide mobility at a reasonable cost in order to make strides toward addressing the overwhelming global need for wheelchairs.
