COMPONENTS OF MOBILITY

We use commonly available components that are easily repaired and maintained.

DESIGN

We build our wheelchairs with a simple and rugged design to fit demand in the developing world.

OPPORTUNITY

We create opportunities for jobs, prayer, education, relationships, and increased community involvement.

WORLDWIDE PARTNERS

We partner with like-minded organizations to reach some of the most remote regions on the planet.

MAINTENANCE

We provide mobility at a reasonable cost in order to make strides toward addressing the overwhelming global need for wheelchairs.

COST EFFECTIVENESS

We partner with like-minded organizations to reach some of the most remote regions on the planet.
