

Move for Mobility Fundraising Toolkit

Talking Points

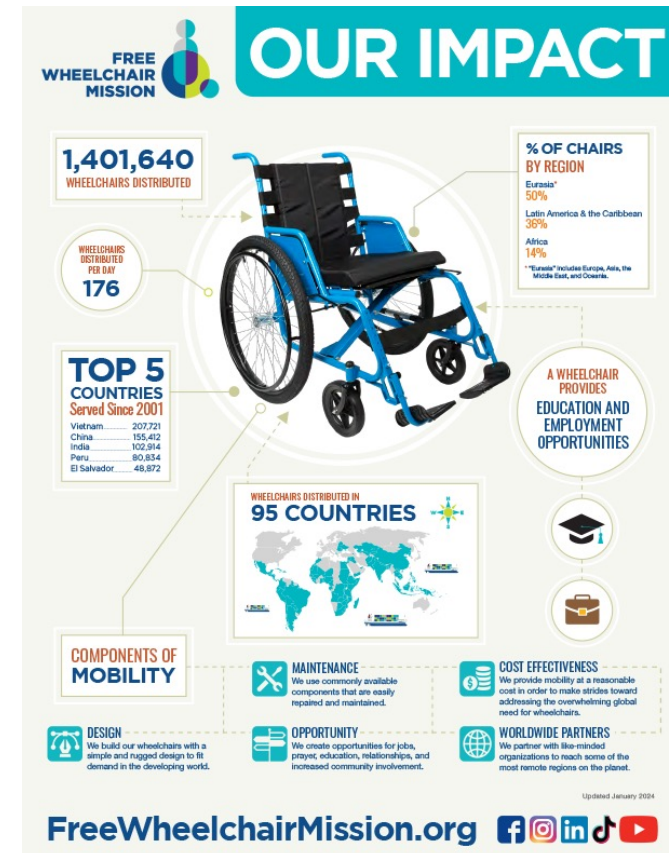

Free Wheelchair Mission is a humanitarian organization that provides the transforming gift of mobility to people with disabilities in developing countries.

Since 2001, our worldwide network has distributed more than 1.4 million wheelchairs in 95 countries. Yet, there are still an estimated 80 million people in the world who need a wheelchair but cannot get one on their own.

For people with disabilities in the developing world, the gift of mobility means renewed freedom, independence, and hope. Without mobility, they may be hindered from pursuing an education, making a living, or participating in community. The gift of a new wheelchair would empower them with new opportunities.

Get involved today and you will bring transformation that opens doors for individuals around the world!

Dear **Friend/Family Member/Colleague**,
