## COMPONENTS OF MOBILITY

### DESIGN

We build our wheelchairs with a simple and rugged design to fit the demand in the developing world.

### MAINTENANCE

We use commonly available components that are easily repaired and maintained.

### OPPORTUNITY

We create opportunities for jobs, prayer, education, relationships, and increased community involvement.

### COST EFFECTIVENESS

We provide mobility at a reasonable cost in order to make strides toward addressing the overwhelming global need for wheelchairs.

### WORLDWIDE PARTNERS

We partner with like-minded organizations to reach some of the most remote regions on the planet.
